

Teepol is proud to be the longest established detergent brand in the world: The First Name in Cleaning since 1938. With all of our products manufactured in the United Kingdom, that's an exclusive assurance too. Our ISO Registration allows us to benchmark our products and services and we like to ensure that these exceed our customers' expectations.

Teepol Multi Purpose Detergent

As a family owned business, we are devoted to ensuring that our products are synonymous with both quality and value for money: knowing our customers' needs and working with them across many industry sectors allows us to continually develop new products to suit an ever-changing marketplace. Having such a heritage, we constantly monitor our customer service: our support staff are able to respond to technical enquiries with the efficiency that you will come to expect and we offer a speedy delivery service. In addition to support, we offer product data sheets and can provide COSHH training for your personnel on an ongoing basis.

Our products span a wide range of industries from education, healthcare and hospitality through to automotive and marine sectors: a selection of our products is illustrated and we are always happy to talk to new customers and provide information on your area of interest.

At Teepol we like to think that we've got it covered: we supply to Local Government, the National Health Service and Defence Contractors as well as medium and small businesses across many industries and our products range from general cleaners through to the highly specialised.

So, for all your products from the general cleaning to the highly specialised, make Teepol your first name in cleaning.
