THE FIRST NAME IN CLEANING

## HEALTHCARE

Teepol is proud to be the longest established detergent brand in the world. With all of our products manufactured in the United Kingdom, that's an exclusive assurance too.

Our products span a wide range of industry areas, from education, healthcare and hospitality through to the automotive and marine sectors. We are always happy to talk to new customers and provide information on your area of interest.

Within the healthcare industry, Teepol products cater for the entire spectrum of today's needs and cover critical hygiene through to general cleaning. See examples of our products to the left of this page.

Teepol can help our customers in the healthcare industry to:-

- Control the spread of germs and viruses with highly effective specialist products all certified effective against MRSA and E.Coli.
- Gently clean using our range of bacterial products.
- Effectively clean delicate laboratory equipment and glassware with our Teepol L detergent - easy to neutralise and avoid residues.
- Maintain an effective housekeeping regime of general cleaning, sterilization and maintenance with our sluice washers, disinfectants and Tagfresh solid air fresheners.

All of this as well as general stock-up products such as hand sanitizers, soaps, floor cleaners and vehicle cleaners make Teepol your first name in cleaning.
